

# 30-Day Public Review Period

## October 1, 2011 to October 31, 2011

*California Reducing Disparities Project (CRDP)*  
*African American Strategic Planning Workgroup (SPW)*  
**African American Population Report on Mental Health Issues**

Please go to the California Department of Mental Health website to learn more about the statewide CRDP at [http://www.dmh.ca.gov/Multicultural\\_Services/CRDP.asp](http://www.dmh.ca.gov/Multicultural_Services/CRDP.asp)

Please go to the African American Health Institute of San Bernardino County (AAHI-SBC) website (at [www.AAHI-SBC.org](http://www.AAHI-SBC.org)), click the **CRDP Statewide Project** button, then click "**Afr-Am Population Report**" drop down button to obtain a copy of the report. Browse the webpage to learn more about the background of the development of the CRDP African American Population Report on mental health issues in California. AAHI-SBC is a grassroots community-based 501c3 organization of people of African heritage located in San Bernardino County, California.

During this 30-day review we are providing this **DRAFT** report for the general public to make COMMENTS and share feedback. This is only the **DRAFT**.

Please tell us:

1. Does the document contain the important information about prevention and early intervention practices and services related to mental health issues in people of African heritage living in California?
2. Do we need to include additional information?
3. What additional specific recommendations do you wish to have included?

We apologize for typos in the document. They are oversights. Please do not allow them to distract you from the content of the report. We are very interested in hearing your thoughts, opinions, and recommendations. We prefer you to type **your recommendations** and submit to the AAHI-SBC. But, if you wish to write them out, please do so. The report is about what Black people believe would be important practices that need to be offered in California for prevention and early intervention (PEI) of mental health issues in Black people.
